1. Do you have any comments regarding the Vision?	Yes, you are trying to forecast and do too much. Better to concentrate on one area at a time and get that right rather than try and predict the future demands, needs and economy.
2. Do you have any comments regarding the strengths of the Waterfront and Town Centre area identified in the SPD? (eg. agree, disagree, any additional ones?)	The strength is THE VIEW over the harbour, it must surely be the best view in the south overlooking the water if not the best in England. What with the tower, busy harbour, historic dockyard. We have a better view than Portsmouth as they are overlooking us whereas we are looking at them with all that historical ships, buildings, iconic tower, shipping movements etc
3. Do you have any comments regarding the weaknesses of the Waterfront and Town Centre area identified in the SPD? (eg. agree, disagree, any additional ones?)	The weakness will be if you build apartments, let everyone enjoy the view with hotel, cafes and restaurants and not just the few people who can afford to buy overlooking the waterfront which are usually not Gosport residents anyway.
4. Do you have any comments regarding the opportunities of the Waterfront and Town Centre area identified in the SPD? (eg. agree, disagree, any additional ones?)	
5. Do you have any comments regarding the challenges of the Waterfront and Town Centre area identified in the SPD? (eg. agree, disagree, any additional ones?)	
Theme A: Creating an Attractive Townscape	
Theme B: Creating New Employment Opportunities	
Theme C: Enhancing the Shopping and Leisure Experience	You've missed the boat for shopping so go for leisure all the way.
Theme D: Providing New Homes	Definitely NOT only leisure
Theme E: Improving Accessibility	That goes without saying, until a link to the motorway across the top part of the harbour is built or using the old railway line bus route as one way roads for all traffic then the access is never going to improve and building more houses will only exacerbate the problem.
Theme F: Improving Public Realm and Green Infrastructure Provision	
Theme G: Managing Flood Risk	
Theme H: Providing Appropriate Infrastructure	
Theme J: Creating a Healthier Town	

The Bus Station and Falkland Gardens	It's just got to be for leisure, as a hotel, as this area probably has the best view of the South Coast if not the entire water frontage of England. The future is in leisure as in hotel breaks, you've only got to see how many new hotels there are in tourist areas to realise that. Bring in a good hotel and the people will flock in just to wake up or eat overlooking that view. Great access from trains, wouldn't even have to come by car. Get the visitors in and the rest will follow as in better restaurants, activities etc etc
Gosport Waterfront North of Mumby Road	We've missed the boat for shopping that's if we ever had it so make the most of what we have and that is WATER FRONTAGE !!!!!
Royal Clarence Yard and the Retained Area	Try and attract a good restaurateur . You've only got to look at Padstow which was nothing until Rick Stein opened a venue and now is absolutely buzzing with tourists.
North of the High Street	
The High Street and associated areas	
South Street	Get rid of The Precinct and move the shops there into empty premises in the High St.
Trinity Green area	
Haslar Marina	
The Gosport Lines	
8. Is there anything in the SPD that particularly concerns you and why?	That awful fountain in the Falkland Gardens. I have witnessed men urinating in it late at night and then seen kids putting their hands in it the very next day. It's a health hazard and even more so now the toilets are closed. WHOEVER MADE THAT DECISION NEEDS SHOOTING! Use the space for dancing fountains and give pleasure to everyone the kids, their parents and the older generation who love to people watch.
9. Are there any other sites within the Waterfront and Town Centre area which have potential for development?	
10. Please can you give any suggestions of what else the Council should consider to include in the final version of the SPD?	
11. Please include any comments you may have
