1. Do you have any comments	Insert a specific reference to a new transport interchange as part
regarding the Vision?	of promoting public transport and sustainable transport modes.
2. Do you have any comments regarding the strengths of the Waterfront and Town Centre area identified in the SPD? (eg. agree, disagree, any additional ones?)	Under Transport insert a specific reference to the Eclipse Bus Rapid Transit route which is a core element of the borough's transport strategy to facilitate bus use as an alternative to the car.
3. Do you have any comments regarding the weaknesses of the Waterfront and Town Centre area identified in the SPD? (eg. agree, disagree, any additional ones?)	Under transport delete 'the perception of congestion' and insert road congestion adds additional travel costs to residents and deters inward investment.
4. Do you have any comments regarding the opportunities of the Waterfront and Town Centre area identified in the SPD? (eg. agree, disagree, any additional ones?)	Under transport insert the expansion of the Eclispse BRT as part of the wider south east BRT network. Also that the redevelopment of the bus station is the ideal opportunity to provide a high quality transport interchange which can act as a focus for pedestrian activity and associated retail and leisure activities.
5. Do you have any comments regarding the challenges of the Waterfront and Town Centre area identified in the SPD? (eg. agree, disagree, any additional ones?)	Under Transport insert an additional challenge is ensuring that public transport and sustainable transport modes are seen as a real and tangible part of the solution to tacking peak hour congestion.
Theme A: Creating an Attractive Townscape	none
Theme B: Creating New Employment Opportunities	none
Theme C: Enhancing the Shopping and Leisure Experience	none
Theme D: Providing New Homes	Insert that the new homes must be served by high quality and continuous pedestrian, cycle and bus routes in order to allow sustainable transport modes to be a realistic and practical alternative to the car.
Theme E: Improving Accessibility	Insert reference to BRT in the main text and delete from footnote 20. In para 4.18 insert 'Bus Rapid transit route extensions and enhancements in the town centre and to the ferry terminal'. The redevelopment of the bus station must be seen as an ideal opportunity to strengthen the site as an important transport interchange for bus, ferry, taxi and cycles as well as a place for retail activity and increased pedestrian footfall.

Theme G: Managing Flood Risk Theme H: Providing Appropriate Infrastructure Infras	st be
Theme H: Providing Appropriate Infrastructure Theme J: Creating a Healthier Town The Bus Station and Falkland Gardens The redevelopment of the bus station as a landmark site must a high quality development which complements the new Portsmouth Hard interchange. The opportunity must be take incorporate a variety of land uses including retail and cafes a for the site to be seen as a destination for social interaction a well as a positive experience. The transport interchange must maintain close and convenient links with the ferry terminal. Insure the site to be seen as a destination for social interaction a well as a positive experience. The transport interchange must maintain close and convenient links with the ferry terminal and other key destinations. 8. Is there anything in the SPD that particularly concerns you and why?	
particularly concerns you and why?	ļ
9. Are there any other sites within No	
the Waterfront and Town Centre	
area which have potential for	
development?	
10. Please can you give any n/a	
suggestions of what else the Council	
should consider to include in the final	
version of the SPD?	
A4 Planetal day and the second of the second	. 1.
11. Please include any comments you may have  Hampshire County Council support all the specific aspects of SPD which seek to strengthen the importance of a new trans interchange. This is an ideal opportunity for the whole of the borough of Gosport because a new transport interchange is a essential part of the transport strategy for promoting public transport and sustainable transport modes as an alternative the car.	port an
