Subject: Changes to the High Street Area

337

I believe that the plans have to be more adventurous and not just cosmetic to challenge Local areas like fareham and PORTsmouth. There are more and more marinas around the coast and radical changes are called for. E.g. Digging up the High Street and allowing the water in to create a really superb maritime area with shops, outdoor cafes, restaurants and bistros on either side. At present we do not encourage the boat owners to use the area and Gosport has become just a staging post to other areas .
