1. Do you have any comments regarding the Vision?	I am very concerned about the amount of local car parking spaces that are going to be removed from the Town centre what with the increase of flats and house for immediate area but the amount of homes being built around Gosport in the future. Even BIGGER concern is the traffic JAMS going out of Gosport and back in again it's like a CAR PARK burns your clutch out and the emissions from Car exhausts are very dangerous for our health both in the cars and bycycles but also people living in the areas of the immense traffic Queueing to get to and from work !
2. Do you have any comments regarding the strengths of the Waterfront and Town Centre area identified in the SPD? (eg. agree, disagree, any additional ones?)	
3. Do you have any comments regarding the weaknesses of the Waterfront and Town Centre area identified in the SPD? (eg. agree, disagree, any additional ones?)	
4. Do you have any comments regarding the opportunities of the Waterfront and Town Centre area identified in the SPD? (eg. agree, disagree, any additional ones?)	
5. Do you have any comments regarding the challenges of the Waterfront and Town Centre area identified in the SPD? (eg. agree, disagree, any additional ones?)	
Theme A: Creating an Attractive Townscape	
Theme B: Creating New Employment Opportunities	
Theme C: Enhancing the Shopping and Leisure Experience	
Theme D: Providing New Homes	

Theme E: Improving Accessibility	Total Traffic Jams getting out of Gosport to go to work in mornings and returning at night and people coming into Gosport for work and the opposite constant queues !This has got to be addressed before more planning can be given the go ahead ! How about traffic at 7am to 9am being allowed to share BUS route of E1 and E2 going to Fareham in mornings be allowed to share the BUS Lane or make one way traffic only Left lane for buses only right lane cars only if car shares of two or more people doing car share
Theme F: Improving Public Realm and Green Infrastructure Provision	No green infrastructure will be left at this rate of house building
Theme G: Managing Flood Risk	
Theme H: Providing Appropriate Infrastructure	
Theme J: Creating a Healthier Town	How can you have a healthier town with such increase of homes and traffic and lack of parking ? Healthier and safer Town when you spend your money of £542,000 this year received from the Governement to HELP THE Homeless here in Gosport which is being increased To over £600,000 for 2018 19 to help the Homeless back into Society instead of banning them and moving them on !!!!! Give some of this money to Charities in the Gosport and the Churches to enable them to help the Homeless back into Society Many of them all either born and bred in Gosport or have lived here for YEARS !!!!!Now spend that money properly please !!!!! This will make the Town Healthier safer and more enjoyable IF WE THEN GET OUR TOILETS BACK !!!!!!!!!!!!!!!!!!!!!!!It's totally unhealthy with PEE and POO in Car Parks and parks as our Toilets are CLOSED
The Bus Station and Falkland Gardens	Bus station could be made smaller as that whole space is not required for them turning Reduce a few of the E1 and E2 buses being quite so regular as these are queuing and over taking each other at bus stops some have no passengers on them so obviously some are too frequent ! Causing convoys of buses causing ev.en more pollution !!!!!Plus wasting wag.es fuel and more frequent servicing and repairs.
