1. Do you have any comments regarding the Vision?	Yes, although I agree that the town should be regenerated I do not agree with the amount of housing being 'crammed in' to every inch of space. This town needs social housing not so called affordable housing which only attracts even more people into the town at the expense of residents all ready here.
2. Do you have any comments regarding the strengths of the Waterfront and Town Centre area identified in the SPD? (eg. agree, disagree, any additional ones?)	As above, also the building on car parks is abysmal. All you will do is force people to park in the residential areas
3. Do you have any comments regarding the weaknesses of the Waterfront and Town Centre area identified in the SPD? (eg. agree, disagree, any additional ones?)	All the above and we certainly don't need any more cafes
4. Do you have any comments regarding the opportunities of the Waterfront and Town Centre area identified in the SPD? (eg. agree, disagree, any additional ones?)	This town would benefit from additional leisure activities. The go- cart and ice rink are prime examples of entertainment not available in fareham and Portsmouth.
5. Do you have any comments regarding the challenges of the Waterfront and Town Centre area identified in the SPD? (eg. agree, disagree, any additional ones?)	
Theme A: Creating an Attractive Townscape	
Theme B: Creating New Employment Opportunities	
Theme C: Enhancing the Shopping and Leisure Experience	
Theme D: Providing New Homes	Social housing anywhere in Gosport is what's needed urgently
Theme E: Improving Accessibility	Having a road system like that in Birmingham with three lanes - in the morning rush hour, there are 2 lanes traveling out of the town and it switches to 2 lanes coming in in the evening rush hour.

Theme F: Improving Public Realm and Green Infrastructure Provision	Just look after what we have already in the town. Of late, it's looked shabby and unkempt
Theme G: Managing Flood Risk	Happy with proposal
Theme H: Providing Appropriate Infrastructure	
Theme J: Creating a Healthier Town	Good luck! That comes with education and some areas are being let down.
The Bus Station and Falkland Gardens	Falklands garden - keep it as it is, it's one of Gosport's strengths, the bust station is an eye sore but we certainly don't need more cafes, flats or high rise buildings
Gosport Waterfront North of Mumby Road	
Royal Clarence Yard and the Retained Area	What happened to the previous plans? Cinema? One of many promises broken. This is why people are so distrusting of plans put forward by the council
North of the High Street	
The High Street and associated areas	
South Street	I live off of this street and parking is big concern, if the proposed building happens i can see this will impact on my road and those around it
Trinity Green area	
Haslar Marina	
The Gosport Lines	
8. Is there anything in the SPD that particularly concerns you and why?	The people of Gosport are asked how they feel but we all think the decisions have been made regardless of what we say. The council need to think carefully about what they decide to do this time, social media is having a big impact and the residents of Gosport are more savvy about what is happening in their town. Also, why are we talking about this when Haslar and RCY are still not being used to their full potential?
9. Are there any other sites within the Waterfront and Town Centre area which have potential for development?	
10. Please can you give any suggestions of what else the Council should consider to include in the final version of the SPD?	Listen to what the people want , the town has changed dramatically in the past 50 years, not for the better
11. Please include any comments you may have
