Introduction

Gosport Borough Council conducted consultation on the Gosport Waterfront and Town Centre: Consultation Draft between 28th June and 29th September 2017, and received 378 representations, of which 350 were from residents (including 5 Councillors at the time of the consultation) and a petition of 93 signatures; 8 community groups; 5 from local businesses, 14 other organisations and the MP. This document sets out a summary of comments received together with an officer consideration of each comment together with any proposed changes to the SPD.

Redacted copies of all comments received are available to view at the Council Offices or on the Council's website www.gosport.gov.uk/watefrontspd. The Council has also produced a 'Schedule of Proposed Changes' (also available on the Council's website) which sets out the main changes to the SPD arising from the public consultation and other considerations.

How to use this document

The comments are set out in the order of the Consultation Draft of the SPD with overarching general comments set out at the beginning and a number of other comments set out at the end of the document. Annex A includes comments received from young people at one of the Council's Summer Passport sessions.

The first part of the reference number (Ref. No.) in the comments table refers to the respondent number, for example, a reference number beginning with 6/ are those from the Meon Ramblers). The list of the reference numbers can be found below and can be used to identify the respondent's comments throughout the document. The petition has a reference of 267/ and also includes the reference *93 to identify the number of signatories.

Specific ideas made by respondents will be collected together as a summary in an annex entitled the *Ideas Compendium* to inform more detailed proposals and will be considered where appropriate as projects proceed.

Abbreviations used.

DIO	Defence Infrastructure Organisation	GMS	Gosport Marine Scene	NE	Natural England
