Rep 10/29 – (English Heritage) Section 8

English Heritage strongly welcomes and supports Policy LP11 and its supporting paragraphs as an essential component of the positive strategy for the conservation and enjoyment of, and a clear strategy for enhancing, the historic environment as required by paragraphs 126 and 157 of the National Planning Policy Framework.

The Framework actually sets out six requirements for local plans in respect of the historic environment; Local Plans should:

- set out a positive strategy for the conservation and enjoyment of the historic environment [126];
- take the NPPF into account [2] and be consistent with NPPF principles [151];
- include strategic policies to deliver the conservation and enhancement of the historic environment [156];
- contain a clear strategy for enhancing the natural, built and historic environment [157];
- identify land where development would be inappropriate, for instance because of its environmental or historic significance [157];
- be based on adequate, up-to-date and relevant evidence about the historic environment [158 and 169].

English Heritage is pleased to confirm that, in our view, the Local Plan satisfies all of these requirements and is therefore, in our opinion, sound as regards the historic environment.
