WEEVIL LANE (East side)
Royal Clarence Victualling Yard

Southern Boundary Wall to Royal
Clarence Yard

GV

II

Southern boundary wall to Victualling Yard. Dated 1829, part of the developments under G L Taylor (Evans, p42). Red brick in English bond. A run of straight wall of approx 155m length, lying E/W and set approx 5.2m to the S of and parallel with the outer wall of the S range of cooperage (qv). Wall rises approx 2.7m, in 1 ½ brick thickness, increased to 2 brick thickness in a series of broad buttresses on the N side; a brick-on-edge coping crowns the wall, with two courses on a single brick thickness, then a projecting string course capped by a canted tile course. The wall was provided to enclose a new roadway, beyond the cooperage, for access by cattle being brought to the yard to the new slaughterhouse built at this same date. (Evans, D: THE ROYAL CLARENCE YARD - Cooperage and Rum Store, Part 1; Hampshire County Council - 2000).
