Issue	Figure	Assumptions
Developable area	0.03 ha	Based on whole site.
Local area density	Medium	50dph
Development density	66dph	Density of developable area.
Capacity for dwellings	2	Based on initial visual assessment.

Concluding comments	The developable site area is unable to accommodate five or more dwellings. The garages are still in use by neighbouring dwellings, any potential future development would need to consider local parking issues and overcome likely multiple garage ownership. The site is unsuitable for inclusion in the SHLAA.
Concluding actions	<b>No further action.</b>
