Issue	Figure	Assumptions
Developable area	0.04 ha	Based on whole site.
Local area density	High	50dph
Development density	75dph	Density of developable area.
Capacity for dwellings	3	Based on visual assessment.

The site has also been assessed as unable to accommodate 5 or more dwellings so is therefore unsuitable for the SHLAA. There is potential for a wider re-development of this area in the future.
