Are there any known abnormal development costs (contamination, heritage conservation, demolition etc)?	Yes	Demolition costs and cost of dealing with electricity substation. Funding or planning gain may be needed to make the site viable.	
Does the site require significant new infrastructure investment in order to be suitable for development?	No		

Conclusion

Suitable	Available	Achievable
-----------------	------------------	-------------------

Issue	Figure	Assumptions
Developable area	0.02 ha	Based on site with area containing electrical substation removed.
Local area density	Medium	
Development density	40dph	Density of developable area.
Capacity for dwellings	1	Based on initial visual assessment.

Concluding comments	The site is too small for the SHLAA. The electricity sub- station and garages on the site likely affect the viability of the site considering its small size.
Concluding actions	No further action.
