Your representation

The draft Gosport Borough Local Plan 2038 contains a vision, objectives and policies with explanation text. Please use the boxes to let us know what you are commenting on and whether you support or object along with your comments.

Paragraph/Policy Number: <u>5.2</u>	Support/Object (please tick): <input type="checkbox"/> Support <input checked="" type="checkbox"/> Object
Please summarise why: I object to the Government's Standard Method for determining Gosport's housing need because quite apart from the notorious A32 congestion (leading to health risks for those trying to get to work) the urban cramming that the Govt. seems to advocate will irreparably damage Gosport's unique heritage and coastal environs.	

Paragraph/Policy Number: <u>1.2</u>	Support/Object (please tick): <input type="checkbox"/> Support <input checked="" type="checkbox"/> Object
Please summarise why: Concerned about the forthcoming land release at Sultan because we are Gosport is on a peninsular and we will be so crammed that any thought of getting to work is (let alone the coast) will be impossible.	

Paragraph/Policy Number: <u>4.3</u>	Support/Object (please tick): <input checked="" type="checkbox"/> Support <input type="checkbox"/> Object
Please summarise why: Very supportive of the Borough's efforts to value important green open spaces and national and internationally important sites such as Workhouse Lake which is a Ramsar Site and SSSI
