Investing in Policing to Cut Crime

2024/25

As your Police and Crime Commissioner I am committed to ensuring your police precept is spent wisely and delivers best value for money.

This year, your contribution to policing through your council tax will allow Hampshire & Isle of Wight Constabulary to recruit an additional **75 police officers**.

Last year, you paid for an extra **50 police officers** which allowed the Chief Constable to create Neighbourhood Enforcement Teams (NETS). These teams have already started taking the fight to criminals in your neighbourhood and are in addition to the **600 extra officers** recruited between 2020 and 2023.

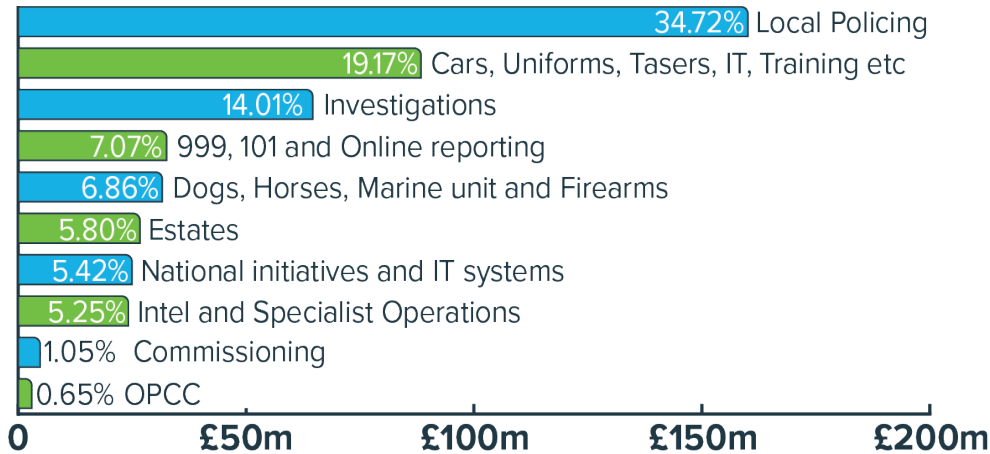

Over the next 18 months, **10 more police stations and front counters** will be open to the public to make it easier for you to report crimes or information to Hampshire & Isle of Wight Constabulary. This is me delivering on my promise to you.

Police and Crime Commissioner

TOTAL COST OF POLICING 2024/25
