WASTE

The Council operates recycling collection centres for glass, clothes, shoes and textiles through a number of sites across the Borough. A scheme for the kerbside collection of mixed dry recyclable materials is operated throughout the Borough. A garden waste scheme was introduced in February 2018, allowing Gosport residents to sign up and get a 240-litre wheelie bin for their green waste.

A service is also provided for unwanted domestic items (for which a charge is made). All waste arising in the Borough that is not recycled is transported to the Energy Recovery Facility at Portsmouth.

HOME ADAPTATION GRANTS

The Council provides a range of home improvement grants, subject to budget availability. Mandatory grants are paid towards eligible disabled adaptations. All other grants are dependent upon Council policy which is reviewed annually.

PRIVATE SECTOR HOUSING

The expenditure relates to inspection of premises to assess whether they meet the Decent Homes Standard, structural defects, enforcing standards for overcrowding and houses in multiple occupation, and remedying conditions which might constitute a nuisance or danger to health. Statutory notices to remedy defects and unsatisfactory conditions are served when necessary.

The promotion of domestic energy efficiency improvements in order to meet statutory targets. The service includes the provision of direct financial assistance but relies primarily upon education and awareness raising to bring about changes in public attitude and behaviour.

This category also includes Housing Associations. The Council has also financially assisted a number of local Housing Associations in the construction or improvement of houses and has, in return, been allowed to nominate a proportion of the tenants. This assistance is expected to increase significantly through the provision of Local Authority Housing Association Grant, although this will have no effect on the revenue budget.

HOMELESSNESS

The Council has continued to target significant resources towards the prevention of homelessness . This area came under particular scrutiny during Covid . The decision was made to procure Pods to enable the rough sleepers to be housed at Walpole Park. Normal resources were unavailable or full and therefore there was not the capacity to meet the demand, 126 Individuals were housed of which 60 were placed at the Pods. They had daily visits from the Housing Needs and Advice team as well as 24 hour security. In addition to the funding for this the Council was also successful in procuring additional funding including Winter Bed funding amongst others. Longer term solutions are being reviewed as this area has a significant impact on Council Budgets.

These budgets can be significantly influenced by external factors and will be closely monitored particularly to identify any variations arising from the impact of benefit changes to tenants. The accommodation strategy has been reviewed to minimise the impact on Council funding.

HOUSING REVENUE ACCOUNT

The Housing Revenue Account (HRA) records expenditure and income relating to council houses and the provision of services to tenants.

Provisions governing the operation of the HRA were contained in the Local Government and Housing Act 1989. This defined what transactions should be recorded in the HRA and enabled the government to directly influence the finances of local authority housing through the housing subsidy system.

The 'self financing' system started in April 2012 allowing authorities to retain future rental receipts, this replaces the old subsidy system.

Gosport Borough Council paid £57.09m to exit the system and a thirty year business plan has been produced to show how this will be repaid.

The estimated number of dwellings at the end of 2022/23 is 3069.

The HRA has two revenue reserves the 'HRA working balance' and the 'Major Repairs, New Build and Loan Repayments Reserve' the latter was approved at Community Board on 4th February 2013.

The Council has a policy to purchase additional properties for affordable rent.

MARKETING AND TOURISM

Marketing and Tourism will retain its primary focus on promotional activity in the areas of economic development and tourism. The budget will fund the marketing of the Borough's inward investment and development opportunities, tourism destination marketing in collaboration with partners, in addition to a variety of other marketing initiatives.

LOCAL PLAN

The Council has adopted a local plan for the Borough, the Gosport Borough Local Plan 2011-2029 (Oct 2015). The Local Plan sets out the Council's proposals for the development and use of land from 2011 – 2029, and forms the basis for dealing with planning applications. The Council has now agreed to proceed with a revised Local Plan covering the period to 2036.

REGISTRATION OF ELECTORS

One of the Council's statutory functions relates to the annual compilation and publication of the Register of Electors. Administration and management is also carried out on all types of elections in accordance with the relevant statutory requirements.

LOCAL LAND CHARGES

This is a statutory service which deals with over 1,000 searches of the Land Charges Register each year and also the registration and discharge of local land charges.

HOUSING BENEFITS

The award of Housing and Council Tax Support is a financial lifeline for many people with lower incomes. The Benefits Section provides a service for the calculation of an award of entitlement within a legislative framework provided by the Government. The Benefits are intended to assist people on Income Support or otherwise low income, with their housing costs and/or Council Tax bills. Entitlement is calculated using an applicants income and capital using a complex calculation process.

The Invest to Save Initiative is to implement new/additional Northgate software modules including the Citizens Access (CA) modules and purchase the Northgate Document Management DMS system replacing the current Civica DMS system for the Benefits and Council Tax work.

"To provide an effective, secure and customer focused Benefits Service that supports the Council's vision, helps to achieve the strategic priorities and meets the Council's Service values."

DEVELOPMENT SERVICES

Development Control is a process that regulates the development and use of land. It is a statutory service that is governed by law and operates within a complex framework of government guidance, policies and advice set out in the County Council's Structure Plan and the Gosport Borough Local Plan. The service also involves consideration by the Council of planning applications and applications for advertisement consent. Fees are charged for processing planning applications.

Building Control is a partnership with Fareham Borough Council and Portsmouth City Council to provide independent specialist surveying service, examining drawings and calculations and supervising building works during construction. Fees are charged for this service that is provided to the public, designers, architects, other development professionals and to the building industry.

Planning Policy section is responsible for the preparation and review of the statutory Development Plan for the Borough.

Conservation and Design has a key role to play in safeguarding the built and natural heritage of the Borough.

CORPORATE AND CIVIC EXPENSES

The 'costs of democracy' plus expenses associated with the Mayoralty and formal Civic Events Corporate and Civic Expenses include certain central costs which comprise the 'Corporate and Democratic Core' - these are not support costs and are not charged to direct services. They are the cost of activities which local authorities engage in because they are elected multi-purpose authorities, including the provision of an infrastructure for service provision, information for public accountability and all aspects of members' activities. In line with professional guidance they are identified as a separate budget heading.

Administration Recharges including Climate Change

The Council intends to continue on the work it began in 2008 with the newly formed Climate Change Board, seeking to reduce emissions, mitigate the impact and adapt to Climate Change. It has set a carbon reduction target for its own operations and will work with the community, and with our partners in Hampshire, towards achieving the goal of carbon neutrality by 2050. The Council will aim to achieve this goal (for its own operations) well ahead of the target date of 2050 set in the Climate Change Act, and as soon as practicably possible, while taking account of the cost/benefit aspect of all measures adopted and of the resources available to implement plans of action.
