Trinity Green area	In your plan for Trinity Green, You intend to add more housing on the site of the old graveyard, And it looks like you have given them their own parking. But for Seaward Tower your plans are not too good.You would like to take away the residents little viewing platform and parking, (both beneath it and out on the esplanade). Removing nearly 50% of residents parking, By building a restaurant or cafe.This will add to the parking problem that we have here, Because any restaurant that you build there is going to want their own private parking.This is not to mention the noise pollution that residents facing the harbour will have inflicted upon them by putting a restaurant next to a quiet residential block.
Haslar Marina	no comment
The Gosport Lines	no comment
8. Is there anything in the SPD that particularly concerns you and why?	You want to bring more people into town, that's fair goal, But you must improve the road links to Fareham and the surrounding areas for it to work. At rush we are already at a stand still on the main routes in and out of Gosport.
9. Are there any other sites within the Waterfront and Town Centre area which have potential for development?	no comment
10. Please can you give any suggestions of what else the Council should consider to include in the final version of the SPD?	no comment
