1. Do you have any comments regarding the Vision?	Yes, I don't want a huge monstrous building on view at the end of the high street, blocking views, blocking sunlight, blocking normal residents from being able to enjoy what's left of this town to actually enjoy
2. Do you have any comments regarding the strengths of the Waterfront and Town Centre area identified in the SPD? (eg. agree, disagree, any additional ones?)	Yes, it's a lovely area already, don't spoil it. This needs to go to local public consultation, not be hidden among internet pages nobody reads
3. Do you have any comments regarding the weaknesses of the Waterfront and Town Centre area identified in the SPD? (eg. agree, disagree, any additional ones?)	Get rid of the drug abusers, bring back the toilets so they're safe to use (a coin system like trolley ones would be good, just have to shoe your council tax form to get one) and bring back our police station
4. Do you have any comments regarding the opportunities of the Waterfront and Town Centre area identified in the SPD? (eg. agree, disagree, any additional ones?)	I agree there are opportunities for work, however improve what we already have in the shopping area and precinct. Move the bus stop back so it's directly outside it again. And we're already getting a hotel...
5. Do you have any comments regarding the challenges of the Waterfront and Town Centre area identified in the SPD? (eg. agree, disagree, any additional ones?)	Drug abuse, no police presence, there's a shift in thinking and local unrest
Theme A: Creating an Attractive Townscape	Improve what we have, don't sell it off
Theme B: Creating New Employment Opportunities	Improve what we already have
Theme C: Enhancing the Shopping and Leisure Experience	Improve what we already have
Theme D: Providing New Homes	I feel a theme coming on. Improve what we already have, there are many empty homes in our borough which could be perfect. We don't need any more in town, where's the infrastructure?
Theme E: Improving Accessibility	Infrastructure needs considerable improvement
Theme F: Improving Public Realm and Green Infrastructure Provision	Use walpole and by the lake
Theme G: Managing Flood Risk	We already do. Putting more homes on the water front isn't going to help
Theme H: Providing Appropriate Infrastructure	Needs drastically overhauling. The E1&2 starts at Bridgemary????

Theme J: Creating a Healthier Town	Build more outside park areas, things to do outside, support the existing community who do things to help create a heat own. Educate the masses!!
The Bus Station and Falkland Gardens	Leave it alone but improve the aesthetic
Gosport Waterfront North of Mumby Road	Same as above
Royal Clarence Yard and the Retained Area	Needs opening up as was meant to in 2011/12
North of the High Street	This us where your kids area comes in
The High Street and associated areas	Needs drastically overhauling
South Street	Nothing to say
Trinity Green area	This is fine as it is
Haslar Marina	See above
The Gosport Lines	See above
8. Is there anything in the SPD that particularly concerns you and why?	Everything! See my comments
9. Are there any other sites within the Waterfront and Town Centre area which have potential for development?	Town Hall
10. Please can you give any suggestions of what else the Council should consider to include in the final version of the SPD?	
11. Please include any comments you may have	
12. Please could you complete your contact details	Sarah Cassidy
