1. Do you have any comments regarding the Vision?	It doesn't represent what the town needs and wants. We don't need more housing putting pressure on the severely lacking resources we do have left.
2. Do you have any comments regarding the strengths of the Waterfront and Town Centre area identified in the SPD? (eg. agree, disagree, any additional ones?)	We need to add to and complement the existing Ferry Gardens, not ruin and annihilate them.
3. Do you have any comments regarding the weaknesses of the Waterfront and Town Centre area identified in the SPD? (eg. agree, disagree, any additional ones?)	Lack of decent shops and facilities for families and general public to enjoy. We don't need more shops, we need to make better use of the existing shop fronts we do have. Less estate agents, charity shops and discount stores, more independent traders and shops the town actually needs.
4. Do you have any comments regarding the opportunities of the Waterfront and Town Centre area identified in the SPD? (eg. agree, disagree, any additional ones?)	Disagree. We should improve and redevelop the existing bus station. NOT BUILD MORE HOUSING WHICH WE DON'T NEED OR CAN ILL AFFORD OR SUPPORT!
5. Do you have any comments regarding the challenges of the Waterfront and Town Centre area identified in the SPD? (eg. agree, disagree, any additional ones?)	We need to better use the existing shop fronts. Reduce the increasing crime rate. Help the increasing numbers of homeless people, getting them off the streets and into safe accommodation.
Theme A: Creating an Attractive Townscape	
Theme B: Creating New Employment Opportunities	This will not create decent, well paid employment opportunities. Just a handful more low paid jobs. Which will be overshadowed by yet more housing which will be unaffordable for residents and ruin the view across the Harbour.

Theme C: Enhancing the Shopping and Leisure Experience	Try enhancing the current High Street instead of building more shops we don't need.
Theme D: Providing New Homes	We don't need more homes. The current resources and infrastructure cannot support yet more unaffordable housing.
Theme E: Improving Accessibility	Try working on the roads in and out of the town first! This would allow residents better access to their town and access out to jobs and increase chances of tourism being able to come into Gosport.
Theme F: Improving Public Realm and Green Infrastructure Provision	
Theme G: Managing Flood Risk	
Theme H: Providing Appropriate Infrastructure	Building more housing puts pressure on the existing infrastructure, it does not improve it!
Theme J: Creating a Healthier Town	Trying providing more green spaces, with activity equipment!
The Bus Station and Falkland Gardens	Improve the bus station in the fashion of the Portsmouth Harbour station. Enhance rather than destroy the Falklands Gardens!
Gosport Waterfront North of Mumby Road	
Royal Clarence Yard and the Retained Area	
North of the High Street	
The High Street and associated areas	Tidy it up. Encourage independent traders to take shop space. Improve security. Reduce amount of estate agents, charity shops and pound shops!
South Street	
Trinity Green area	
Haslar Marina	
The Gosport Lines	What is the Gosport Lines???
8. Is there anything in the SPD that particularly concerns you and why?	Housing! We cannot afford additional pressure on already pressurised resources.
9. Are there any other sites within the Waterfront and Town Centre area which have potential for development?	
10. Please can you give any suggestions of what else the Council should consider to include in the final version of the SPD?	More facilities for children and families. Like picnic areas and an activity trail.

11. Please include any comments you may have	Recommend you deal with increasing crime and vandalism before wasting money on "crucial developments". No-one will want to buy housing there, or rent shops in a high crime area!
