Subject: Proposed pathway through Rope Quays

Dear Sir

I would like to raise a objection to the proposed path way through Rope Quay.
I understand that the plans for the development of Gosport in general are still in the planning stage , and I look forward to the many improvements this will bring, however the current pathway runs directly under Harlequin court , and if this were to be opened for general use runs extremely close to bedroom windows and neighbouring flats, so on the grounds of privacy and security , I would like to see a alternative route proposed.

The attached photo shows the Current path in relation to Harlequin court bedrooms (2 nd floor.) As you can see this would not be ideal and presents a bigger issue for floor 1

Unfortunately enclosed pathways are not always used responsibly, as I have experienced in the past , late night revealers , litter and dog walkers do not always respect residential areas, And wile again I understand you may get a general " not in my back yard " response to plans proposed , I do strongly feel this is a legitimate concern and look forward to your views and general response

Yours Sincerely

Martin Hawkins
