1. Do you have any comments regarding the Vision?	It would be good for the town and waterfront have some attention but extra residential properties would add to the already overburdened roads. The bypasses do not help only move the bottleneck further on.
2. Do you have any comments regarding the strengths of the Waterfront and Town Centre area identified in the SPD? (eg. agree, disagree, any additional ones?)	The shops facelift will be good and provide character.
3. Do you have any comments regarding the weaknesses of the Waterfront and Town Centre area identified in the SPD? (eg. agree, disagree, any additional ones?)	The large tower block is situated in the wrong place. Too many residential properties. Gosport does not have enough schools, doctors etc
4. Do you have any comments regarding the opportunities of the Waterfront and Town Centre area identified in the SPD? (eg. agree, disagree, any additional ones?)	The rates of the shops are too high and need to be reduced.
5. Do you have any comments regarding the challenges of the Waterfront and Town Centre area identified in the SPD? (eg. agree, disagree, any additional ones?)	
Theme A: Creating an Attractive Townscape	A welcome change but not at the expense of more residents.
Theme B: Creating New Employment Opportunities	

Theme C: Enhancing the Shopping and Leisure Experience	
Theme D: Providing New Homes	No Gosport does not need any more homes.
Theme E: Improving Accessibility	Wheelchair access needed & male baby change areas
Theme F: Improving Public Realm and Green Infrastructure Provision	
Theme G: Managing Flood Risk	Essential above everything else.
Theme H: Providing Appropriate Infrastructure	Free carparks for Gosport Residents.
Theme J: Creating a Healthier Town	Air quality is poor and needs to be looked at
The Bus Station and Falkland Gardens	The eyesore bus station needs to be removed but the Falkland gardens need to stay the same. A waterfront café/restaurant/bar would be nice & somewhere to buy ice creams. A road train as a tour but would double as transport links to Submarine museum, Clarence Yard.
Gosport Waterfront North of Mumby Road	
Royal Clarence Yard and the Retained Area	Better access from the ferry to improve on foot fall.
North of the High Street	
The High Street and associated areas	
South Street	
Trinity Green area	
Haslar Marina	
The Gosport Lines	
8. Is there anything in the SPD that particularly concerns you and why?	The amount of residential properties. The fact that the Cancer charity has been asked to leave and numerous high street shops are now for sale even though planning has not been approved. Many residents have used this form and found that it does not submit properly, or do not realise their submitted form has not reached yourselves. GBC has no idea of any failed attempts.
9. Are there any other sites within the Waterfront and Town Centre area which have potential for development?	South Street flats could be demolished and prettier versions built with more one bed apartments/bedsits.

10. Please can you give any suggestions of what else the Council should consider to include in the final version of the SPD?	South street flats area.
11. Please include any comments you may have	That really this planning is a foregone conclusion. That the consultation is merely a delay in getting on with the plans. Survey Monkey is a much better format and works well on mobile phones.
12. Please could you complete your contact details	Mrs S Pollard
